

SENIOR OT

We are currently recruiting a full time Senior Occupational Therapist to join our well established multidisciplinary team at Castel Froma Neuro Care based in Leamington Spa.

Start date: ASAP

Contract: Permanent

Hours: Full time

Location: Leamington Spa, Warwickshire

The Senior Occupational Therapist (OT) role

The role of the Occupational Therapist will be to provide high quality rehabilitation care to our residents. This role will involve working at both sites; Lillington House & Helen Ley House. This will involve a range of neurological assessment and intervention skills, across different phases of treatment (slow stream rehabilitation to long term maintenance). You will be required to carry out individual and group therapy sessions within these phases of treatment.

Candidate specification

- Health Professions Council Registration;
 - At least 4 years' clinical experience working as an Occupational Therapist;
 - Be able to build effective working relationships with team members and outside colleagues, Residents and relatives;
 - To have a positive attitude and enthusiasm towards residents and the wider work of the centre.
 - Well organised, with effective time management skills
 - Driver's license and access to own transport
- Strong skill in occupational performance assessment in neurological conditions. This includes:
- Assessments of client factors and performance skills such as ROM, tone, muscle power, sensation, co-ordination
 - Assessments of occupational performance areas such as personal management (dressing, bathing, toileting), Productive use of time (task concept, routine)
- Effective knowledge and experience in OT treatment planning and execution, in neurological conditions, within a multidisciplinary team. This includes:
- Knowledge and understanding of upper limb splinting in neurological care
 - Graded programmes to achieve maximal independence in Occupational performance (ADL's and IADL's)
 - Development of wellbeing programmes to optimise occupational meaning and purpose
- Additional specifications which would be beneficial:
- Knowledge and experience in application of the Model of Human Occupation
 - Knowledge of Vona du Toit's Model of Creative Ability
 - Experience in Mental Capacity assessment and DoLs
 - Group Therapy experience and skill

A bit about us

Castel Froma Neuro Care is a registered charity that cares for over 400 people every year, all of whom have complex neurological conditions such as brain injury, MS, MND, Parkinson's disease and Huntington's disease. We currently have over 90 permanent residents living with us across two sites, plus a regular turnover of respite guests who stay with us on a temporary basis, so the landscape is ever changing – and never dull.

If this sounds like the position for you, Castel Froma Neuro Care can offer:-

- Comprehensive healthcare package

- Contributory pension scheme
- Staff uniform
- 28 days holiday in the first year, rising to 30 days per annum after 2 years' service (based on full time)
- Free DBS check
- A warm and friendly working environment
- Free onsite parking

For further information or to apply, please contact Kylie Gates or Elizabeth Jackson.

Closing date: 22 July 2019

Please note if you do not hear back from us by 29 July 2019, unfortunately you have been unsuccessful on this occasion.

Job Type: Full-time
